OBJECTIVE

I am a passionate Full Stack Developer with expertise in creating dynamic and responsive web applications using Next.js, TypeScript, and Tailwind CSS. I have successfully developed and deployed 15+ projects, including e-commerce platforms, blogging websites, and hackathon-winning designs. Motivated by innovation, I excel in UI/UX design, Cloud Native Development, and Generative AI integration, delivering seamless user experiences. Skilled in problem-solving, I am driven to create impactful solutions that blend technology and creativity.
